Parent Involvement and Participation -
An independent forum supported by Government funding.

Based in North Lincolnshire, we are a voluntary group of parents of children and young adults with special educational needs and disabilities (SEND).

Our aim is to ensure that the views and concerns of our members are represented and their voices heard so as to improve the lives of the children and their families we represent.

WE STRIVE TO:

- ***Influence the improved planning and delivery of key local services***
- ***Ensure that the voice of parents is heard***
- ***Work together to shape a better future for children and young people who need support***

An independent forum that is committed and dedicated to offering a friendly face, a listening ear or a determined voice to support those most in need towards making life less complicated and more rewarding.
