Friday 20th March—Red Nose Day
Wednesday 2nd April March—Easter raffle
Wednesday 2nd April March—Easter bingo
Thursday 3rd April— School closes for Easter holidays at 2.30 p.m

Homework

The children will receive weekly homework, which will usually be maths and English related. At times, they will sometimes be set a task on their account for 'SPAG.com' to complete at home; they also have the opportunity to complete this at lunchtimes.

Please can you ensure your child reads a minimum of three times per week; this may include Reading Plus. Your child should bring their reading book and record in to school every-day. This will be checked each Monday, along with their diary.

Your child will continue to receive fifteen spellings each week, which will be tested on a Friday.

Each Friday, we also complete an arithmetic test, which your child brings home. It would be great if you could look through this with them.

PE

Indoor PE will be on a Tuesday and outdoor PE will be on a Wednesday. Please ensure that your child has their kit every day.

Year 6 HN Spring Term Curriculum Newsletter

Dear Parents and Carers,

Happy New Year!

I hope you all had a wonderful Christmas and managed to relax a little bit over the festive period.

As always, I'm excited to welcome your child back to school and can't wait to get started with our new topic 'Best of British'.

Whilst we have an extremely busy term ahead, as the children continue to work towards their end of Key stage assessments, we still have lots of fun things planned too, including some rugby sessions delivered by Hull FC.

On the reverse of this newsletter you will find information about the topic and subjects your child will be learning this term.

I look forward to working with you over the coming weeks and months.

Mrs H Noble

Class Book:

The Titanic Detective Agency - Lindsay Littleson
Short poems by Michael Rosen

Maths

Number and Place Value

- Sequences
- Ratio and proportion

Fractions, Decimals and Percentages

- To calculate equivalent fractions
- To use common factors to simplify fractions
- To apply the four rules of number to fractions
- To calculate a percentage of an amount
- To establish the links between fractions, decimals and percentages

Geometry

- To know the properties of 2D shapes
- To name 3D shapes
- To draw shapes and nets accurately
- To measure and draw angles accurately up to 360 °

English

Throughout the term, we will be looking at a range of genres including: poetry, recounts, letters, stories, newspaper articles and persuasive leaflets. The content of the work within each genre will be linked with our topic of 'Best of British', our story book (**The Titanic Detective Agency**) or our science topics of diet and lifestyle. We will also be continuing to focus on various grammatical structures.

RE

Hinduism and Resurrection for Christians

Music

The children will be following a whole school scheme of work entitled 'Charanga' focusing on 'You've got a Friend' and composition activities.

Science

- Circulatory system
- The importance of exercise, diet and lifestyle

PE

Indoor — Dance and Badminton
Outdoor — Tag Rugby and Orienteering

Computing

- Blogging
- Text Adventures

PSHE

Celebrating Differences and Healthy Me

French

- Le Week-end
- Manger et Bouger (Healthy Eating)

Topic: Best of British

In Geography, we will be:

- Naming and locating cities and counties in the UK
- Looking at British rivers and mountains
- Recognising geographical regions and the physical and human characteristics within these, key topographical features and land use patterns
- Looking at famous British landmarks and where they are located

In History, we will be:

- Studying famous Kings of England
- Studying how money has changed

In Art/Design Technology we will be:

- Follow a recipe to make a pizza
- Using mono-printing to create artwork
- Creating a sculpture using Modroc
